Limited places! RSVP required.

FREQUENTLY ASKED QUESTIONS

FACE APP AND REPLAY

HOW CAN I DOWNLOAD THE FACE APP?

Download the 'FACE App' from the relevant app store.

If you wish to access the desktop version of the FACE virtual platform, please go to: portal.face-virtual.com
Using the same login and password (email used for registration)

WHICH SESSION WILL BE AVAILABLE ON-DEMAND?

With many fascinating sessions and workshops taking place simultaneously, the Injectables Agenda will be available on-demand so you can keep on learning at your own pace.

This will be available as an add-on through the FACE digital platform (for 2 months) or via the AMS platform (for Premium members only).

Scan the QR and find out more.

IF YOU HAVE FURTHER QUESTIONS

The FACE Team will be delighted to answer and assist you with all your queries. Please feel free to find us in the welcome area.

SUSTAINABILITY CHARTER, FOR A GREEN FACE

Join the FACE **GREEN TEAM**

To minimise the ecological impact of our event, our team have been working in collaboration with the Intercontinental London – The O2 to provide you with a more sustainable FACE.

WELCOME MESSAGE

Dear Colleagues and Friends,

Welcome to FACE 2022!

We are delighted to have everyone back after a two-year hiatus, to connect and share the latest scientific and industry updates with the community. There are quite a few exciting changes for our 19th edition – the first being our **new venue, the InterContinental London – The O2**. This is a luxury hotel which we believe is perfect for entertaining guests and provides a more seamless experiences for delegates and exhibitors alike.

Our second update is our **brand-new agenda – Regenerative Medicine**. This was added due to the exciting research and impressive applications it has for aesthetic medicine. These include the use of exosomes, adipose derived stem cells, PRP combined with CO2 laser and much more.

This year, FACE maintains its high-level of scientific content, welcoming the leading innovators in aesthetic medicine to share their pearls of information with you and top techniques. You will also see many **new faces speaking this year** – as FACE is one of the only UK events to welcome international speakers, making it a truly global meeting point for prominent medical aesthetics professionals, industry leaders and innovators.

On Friday 17th June, we will be hosting a **fabulous soiree in the Clipper Bar**, to celebrate the end of the first day for guests to network in a fun and relaxed environment. There will be canapes, drinks, and a live DJ.

The introduction of our **1-day passes, available on both Friday and Saturday**, allows delegates greater flexibility with attendance, as we understand life gets busy and attending both days is not always possible. Our Visitor Pass provides an affordable way for all to attend FACE, as we strive to be inclusive and attract young doctors who are just starting out in aesthetics.

We look forward to seeing you all at FACE 2022 at the InterContinental London – The O2.

Catherine and Chris

Summer Drinks RECEPTION

Where

CLIPPER BAR
AT THE IC LONDON - THE O2

When

FRIDAY 17 JUNE
6:00PM-8:30PM

Price

FREE TO ATTEND
LIMITED SPACES

FACE is delighted to invite you to our summer social, hosted in the Clipper bar, a stylish nautical themed space at the InterContinental London – The O2.

With breath-taking 270-degree views over Canary Wharf and the river Thames and a selection of drinks and canapes, it provides the perfect opportunity to have some fun and connect with colleagues in a relaxed environment.

The kick-off will be at 18:00 on Friday 17 June and will last until 20:00.

Join us for a fabulous soiree with great company. Don't miss an excellent opportunity to discuss everything you've learnt on the first day of the conference, network with friends and colleagues in a semi-formal atmosphere and make new connections.

The drinks reception is free to attend. **However, places are limited.** Please contact our customer service to secure your spot. Tickets are allocated on first-come-first-served basis.

We look forward to seeing you there!

The FACE team

NEW TRAINING

OPPORTUNITIES

WITH WIGMORE

Wigmore Medical launches new training courses

Having recently obtained registration with the Care Quality Commission (CQC), Wigmore Training will be launching a new course for Thread Lifting—highly in demand as a non-surgical alternative to the facelift. This introductory level threads course will provide attendees with the knowledge and confidence to deliver a non-surgical facelift safely and effectively. Led by Dr Ivona Igerc, an expert in threads and aesthetics, the day will cover the theory of threads and closely supervised hands-on practice. Ideal for doctors, dentists or prescribing nurses new to the treatment, or looking for a refresher.

New skincare training

We know the importance of understanding anatomy when delivering injectable treatments, but what about skincare? Wigmore is launching an online training module, led by Nurse Prescriber Kate Vines, offering a valuable Introduction to Skin Anatomy. Ideal for those looking to brush up on their knowledge of skin anatomy and physiology, cellular functions and commonly encountered skin conditions. We are also introducing a highly sought-after Introduction to Skin of Colour course, led by Dr Mukta Sachdev—an internationally recognised expert in the field. This online training module will provide practitioners with the knowledge and recommended protocols for treating various skin conditions, specifically for skin of colour.

Our core values

Wigmore Training provides quality training supported by evidence-based research and industry experts. Our educational services include post-training support relating to the treatments, products, and business advice.

For our latest course dates, visit wigmoremedical.com/training

Meet our new course leaders

Dr Mukta Sachdev

Consultant Dermatologist

Dr Sachdev is a Consultant Dermatologist and Head of the Department of Dermatology in Manipal Hospital, Bangalore. She also runs a private boutique dermatology practice and is Medical Director of MSCR Pvt Ltd, a specialised dermatology research centre for dermatology skin trials in darker skins. Dr Sachdev is regarded as a global expert in skin of colour, cosmetic dermatological procedures and lasers for skin of colour.

Dr Ivona Igerc

Aesthetic Doctor

Since graduating from the University of Zagreb School of Medicine in 2000, Dr Ivona has been working in the dental and medical aesthetic fields. Dr Ivona has spoken at international conferences, published two books and run workshops in the fields of anti-ageing and aesthetic medicine. She has a keen interest in stem cells and their regenerative properties, and is currently involved in therapeutic applications derived from adipose cells.

Kate Vines

Nurse Prescriber

Kate Vines studied for an adult nursing BSc at Salford University in 2009 and since then has gained a wealth of experience in the healthcare industry, primarily for the NHS. She has carried her desire for helping people over to the aesthetics industry, where her caring and compassionate nature has proved invaluable. Kate believes aesthetic medicine is more than just injectables—it's about people. She has also further developed her passion for skincare.

MEET DR ZEIN OBAGI

WIGMORE MEDICAL INVITES YOU TO
THE UK'S SEVENTH ZO SKIN HEALTH
SYMPOSIUM AT FACE 2022
SATURDAY JUNE 18TH, ARORA 17

Join world-renowned dermatologist, author and founder of ZO Skin Health, Inc. Dr Zein Obagi as he shares his wealth of knowledge that has earned him the reputation as a leading authority on skin health and rejuvenation. This is a unique opportunity to get first-hand insight into Dr Obagi's visionary approach to restoring skin health for all patients regardless of age, ethnicity, and skin type.

AGENDA HIGHLIGHTS

- Skin health restoration concepts and theories
- Effective skin analysis with Dr Zein Obagi's skin classification system
- Histology and advanced treatment protocols for top skin disorders
- Combining topicals and procedures for superior treatment results
- ZO anti-ageing solutions
- Optimising acne treatment results
- Multi-modal approach to treat melasma, acne and rosacea

Speaker panel: Dr Zein Obagi, Dr Rikin Parekh, Dr Lauren Jamieson, Sara Cheeny and Julie Scott

ARORA 15**

ZEIN OBAGI MD

**RESEARCHER.
INNOVATOR.
EDUCATOR.**

For more than 35 years, Dr Zein Obagi has pioneered advanced skincare solutions based on his philosophy of creating healthy skin as opposed to merely treating disease and damage at the surface level. He is ranked among the world's top experts on chemical peels and is highly skilled in treating skin of colour.

ZO SKIN HEALTH: AT THE FOREFRONT OF INNOVATION

Inspired by the legacy and breakthrough contributions of Dr Obagi, ZO Skin Health expands the boundaries of traditional skincare with powerful ingredients, patented formulations and unique delivery systems.

Please note, the event is available exclusively for medical providers
